The General Manager introduced the Audit, Risk and Compliance Committee (ARCC) and spoke on behalf of the Chair Johnte McFadyen-MacDonald. The purpose of the ARCC is to govern the audit function, financial reporting function, the risk assessment, response and compliance performance of the functions, and assets of the Rangitāne o Wairau Group.

The ARCC and General Manager work together to regularly review financial policies, procedures and external providers. During the year, the ARCC supported a comprehensive review of the Group's insurance programme, which led to a change in insurance broker from Aon in Christchurch to Gallagher (formerly Crombie Lockwood), who are based in Rangitāne House. This transition also enabled the Group to undertake a review of risk management practices.

The General Manager spoke to the asset growth since Settlement noting that overall growth has been modest in recent years due to inflationary pressures and the impact of downward pressures on property values.

The General Manager introduced Karen Draper from Wallace Diack as the accountants for the Group. Karen provided an overview of Wallace Diack services to the Group and an overview of the financial performance. Highlights included:
